To,

As per List attached

Subject:- Indian Forest Service Examination 2022 - Medical Examination (Part - I & II) and Walking Test - Regarding.

Sir/Madam,

I am directed to say that you have qualified for Medical Examination (Part - I & II) and walking test on the basis of the results of the Indian Forest Service Examination 2022 declared by Union Public Service Commission. Accordingly, you are required to undergo Medical Examination and Walking Test as per schedule attached and instructions given below. Please note that you must carry your original Admit Card for Medical Examination (Part - I & II) and Walking Test.

1. Medical Examination:-

- i. The physical standards prescribed for appointment to the Indian Forest Service (IFS), vide Rule 18 of the IFS (Examination) Rules 2022 are laid down in Appendix III available on the website <http://www.ifs.nic.in> and may please be carefully studied.
- ii. The Medical Examination will be conducted from **10th of July 2023 to 19th of July, 2023 at 8:30 AM sharp at 1) Safdurjung Hospital, New Delhi 2) Ram Manohar Lohia Hospital, New Delhi 3) Lady Hardinge, Hospital, New Delhi (no candidate shall be entertained after 8:30 AM)** by a duly constituted "Central Standing Medical Board" in all the Hospitals. Candidates allotted to RML Hospital to reach Room No. 236, 2nd Floor, OPD Block, New Delhi and Candidates allotted to Safdurjung Hospital should appear before the Central Medical Board (Group 'A' & 'B' Gazetted) (near Account Section adjacent to IV fluid Department).

The medical examination of candidates allotted to Lady Hardinge Hospital will be held from 17.07.2023 to 20.07.2023 and the exact date and time will be communicated Shortly.

Allocation of candidates to the Medical test along with dates of medical examination and walking test has been indicated in the Annexure-I, respectively to this letter and no change whatsoever, will be allowed in this matter in any circumstances.

- iii. On the subject of medical examination, particular attention of the candidates is invited to the following:
 - a. No fee is required to be paid by them for Medical Examination.
 - b. **The candidates are required to take with them 10 passport size recent colour photographs with white background, while reporting for Medical Examination.**
 - c. **Candidates wearing glasses are required to carry a recent certificate indicating the power of the glasses being used and carry the latest glasses.**
 - d. **Candidates are requested to come fasting for 8-10 hours on the day of the medical examination.**
 - e. Candidates with doubtful colour vision are entitled to two sets of tests- by Ishihara's Plates and Edridge Green Lantern. While fulfilment of requirement by either of the Tests is considered sufficient, later appeals from candidates that they are adjudged UNFIT on test by only one of the tests without allowing them the opportunity of being tested by the other, will not be considered. Such Examination should be insisted upon and in case of the request not being agreed to by the following days of the Medical Examination.
 - f. Presence of candidates may be required till 4.00 PM and for a further period of few days in case, investigation/hospitalization is considered necessary for which candidates are required to come prepared.

2. **WALKING TEST:-**

- i. The requirements in this behalf are laid down in Rule 18 ibid.
- ii. The Walking Test will be conducted in the premises of the National Zoological Park (Delhi Zoo), Mathura Road, New Delhi - 110003.
- iii. Admission to the Walking Test is strictly subject to the following condition.

Candidates are required to furnish to this Ministry 5 copies of the Attestation Forms provided to them by UPSC, duly filled in, signed and verified. They should not fail to indicate their Roll Number & Rank at the right hand top corner of the Form (above their photograph) and their e-mail address/contact number in address column.

Those candidates who have not sent their Attestation Form to this Ministry, either in person or through post are required to submit the same to the Ministry's representatives at the time of Walking Test in the premises of the National Zoological Park, New Delhi.

For conduct of the walking test, candidates are required to report to the Director of the Zoo latest by 4.00 A.M on the designated day of the Test with 5 copies of the recent passport size colour photograph with

white background. The date of the Test is indicated in the Annexure-I of this letter.

3. Address Change & Miscellaneous Correspondence:-

The candidates should intimate promptly to this Ministry, all change(s) in their mailing address, if other than mentioned by the in UPSC. All correspondence should be address only to the following:

“The Under Secretary, IFS-II Section, Ministry of Environment, Forests & Climate Change, Indira Paryavaran Bhawan, 6th Floor, Prithvi Block, New Delhi – 110003 (email:ifs@nic.in)”

In all correspondence with the Ministry they are required to indicate the title of the Examination prominently as the “subject” and also indicate their Roll Number & Rank before the text of the letter, to ensure promptness in dealing with the matter.

No expenditure will be met by this Ministry on account of their travel/stay in connection with the Medical Examination or the Walking Test.

Request for postponement of the Medical Examination and Walking Test will not be entertained except under exceptional circumstances, which should be supported, by necessary reasoning/proof.

Encl.: a/a

Yours faithfully

(J. S. Kanth)

Under Secretary to the Govt. of India

APPENDIX III

REGULATIONS RELATING TO THE PHYSICAL EXAMINATION OF CANDIDATES

(Vide Rule 18)

[These regulations are published for the convenience of candidates and to enable them to ascertain the probability of their being of the required physical standard. The regulations are also intended to provide

guidelines to the medical examiners. All kinds of notices and information relating to the medical examination of the Transgender Candidates including the medical parameters for Transgender candidates would be posted on the dedicated web page of the Ministry of Environment, Forest and Climate Change before the commencement of the medical examination of IFS Examination, 2022.

The medical examination shall be conducted in respect of the candidates who have been declared finally successful on the basis examination and shall consist of entire medical examination which the medical board may prescribe for a candidate, including Radiographic Examination of the chest (X-ray test). The Government of India reserve to themselves, absolute discretion to reject or accept any candidate after considering the report of the Medical Board.]

1. To be passed as fit for appointment, a candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of his/her appointment.

NOTE :

(a) : Only Low Vision category candidates with benchmark disability as stated in RPwD Act, 2016;

(b) : Only Partially Deaf category candidates with benchmark disability as stated in RPwD Act, 2016;

(c): Locomotor disability: sub-category :

(i) Leprosy Cured- provided that the candidate fulfills all other requisite physical and medical parameters at par with non-PH category candidates

(ii) Acid Attack – provided that the candidate fulfills all other requisite physical and medical parameters at par with non-PH category candidates. If such a candidate is visually and/or hearing impaired (partially deaf), then he/she should meet the physical and medical parameters prescribed for Visually and/or Hearing impaired (Partially Deaf) candidates respectively.

2. Walking test: The male candidate (both PH and non-PH) will be required to qualify in walking test of 25 kilometres to be completed in 4 hours and female candidates (both PH and non-PH) 14 kilometres to be completed in 4 hours. The arrangement for conducting this test will be made by the Director General of Forests, Government of India so as to synchronise with the sitting of the Medical Board.

Provided in case a candidate either fails to complete the walking test within the prescribed time limit or fails to appear in the test, will be given another opportunity to appear in the walking test. In case he/she again fails to appear/pass the test, no further opportunity will be given to him/her to appear in the walking test.”

3. (a) In the matter of the correlation of age, height and chest girth of candidates of Indian (including Anglo Indian) race, it is left to the medical Board to use whatever correlation figures are considered most suitable as a guide in the examination of the candidates. If there be any disproportion with regard to height, weight and chest girth the candidate should be hospitalised for investigation and X-ray of the chest taken before the candidate is declared fit or not fit by the Board. However, the X-ray of the chest will be done in respect of only such candidates who are directed to appear before the Medical Board for Part II of the medical examination.

(b) The Minimum standard for height and chest girth without which candidates cannot be accepted are as follows :—

Height	Chest (fully expanded)	Expansion
150 cms.	84 cms.	5 cms. (for men)
140 cms.	79 cms.	5 cms. (for women)

4. The candidate's height will be measured as follows :—

He/She will remove his/her shoes and be placed against the standard with his/her feet together and the weight thrown on the heels and not on the toes or other sides of the feet. He/She will stand erect without rigidity and with the heels calves, buttocks and shoulders touching the standard. The chin will be depressed to bring the vertex of the head level under the horizontal bar and the height will be recorded in centimeters and parts of it in centimeter to halves.

5. The candidate's chest will be measured as follows :—

He/She will be made to stand erect with his feet together and to raise his/her arms over his/her head. The tape will be so adjusted around the chest its upper edge touches the interior angles of the shoulder blades behind and lies in the same horizontal plane when the tape is taken round the chest. The arms will then be lowered to hang loosely by the side and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times and the maximum expansion of the chest will be carefully noted and the minimum and maximum will then be recorded in centimeters 84—89, 86—93.5 etc. In recording the measurements fraction of less than half centimeter should not be noted.

N.B.—The height and chest of the candidates should be measured twice before coming to a final decision.

6. The candidate will also be weighed and his/her weight recorded in kilograms, fractions of half a kilogram should not be noted.

7. The candidate's eye-sight will be tested in accordance with the following rules. The results of each test will be recorded :—

(i) General—The candidate's eyes will be submitted to a general examination directed to the detection of any disease or abnormality. The candidate will be rejected if he/she suffers from any morbid conditions of eyes, eyelids, or continuous structures of such a sort as render, or are likely to render him unfit or service at a future date.

(ii) Visual Acuity—The examination for determining the acuteness of vision includes two tests, one for distant vision other for near vision. Each eye will be examined separately.

There shall be no limit for minimum naked eye vision but naked eye vision of the candidates shall however, be recorded by the Medical Board or other medical authority in every case, as it will furnish the basic information with regard to the condition of the eye.

The Indian Forest Service is a technical service.

The standards for distant and near vision with or without glasses shall be as follows :—

Distant vision		Near vision	
better eye (corrected vision)	Worse eye	Better eye (corrected vision)	Worse eye
6/6	6/6	N.5	N.5

Type of correction permitted Best correction (unspecified) Radial Keratotomy.

NOTE :—

(1) Fundus Examination—In every case of Myopia Fundus Examination should be carried out and the result recorded. In the event of pathological condition being present which is likely to be progressive and effect efficiency of the candidate, he/she should be declared unfit.

The total amount of Myopia (including the cylinder) shall not exceed—8.00D. Total amount of Hypermetropia (including the cylinder shall not exceed—4.00D).

Provided that in case a candidate is found unfit on ground of high myopia, the matter shall be referred to a special board of three ophthalmologists to declare whether this myopia is pathological or not. In case it is not pathological the candidate shall be declared fit, provided he fulfills the visuals requirements otherwise.

(2) Colour Vision—(i) The testing of colour vision shall be essential.

(ii) Colour perception should be graded into a higher and lower grade depending upon the size of the aperture in the lantern as described in the table below :—

	Higher grade colour perception	Lower grade colour perception
1. Distance between the lamp and candidate	16 ft.	16 ft.
2. Size of aperture	1.3 mm.	1.3 mm.
3. Time of reposeure	5 seconds	5 seconds

(iii) Satisfactory colour vision constitutes recognition with ease and without hesitation of single red, single green and white colours. The use of Ishihara's plates shown in good light and suitable lantern like Edrige Green's shall be considered quite dependable for testing colour vision. While either of the two tests may ordinarily be considered sufficient, it is essential to carry out the lantern test. In doubtful cases where a candidate fails to qualify when tested by only one of the two tests, both the tests should be employed.

NOTE : For appointment to the Indian Forest Service, Lower Grade of colour vision will be considered sufficient.

(3) Field of Vision.—The field of vision shall be tested in respect of all services by the confrontation method where such test gives unsatisfactory or doubtful results' the field of vision should be determined on the perimeter.

(4) Night Blindness.—Night Blindness need not be tested as a routine, but only in special cases. No standard test for the testing of Night Blindness of dark adaption is prescribed. The Medical Board should be given the discretion to improvise such rough test, *e.g.* recording of visual acuity with reduced illumination or by making the candidate recognise various objects in a darkened room after he/she has been there for 20 to 30 minutes. Candidates own statements should not always be relied upon but they should be given due consideration.

(5) Ocular condition other than visual acuity.—(a) Any organic disease or a progressive refractive error which is likely to result in lowering the visual acuity should be considered as a disqualification.

(b) Trachoma.—Trachoma unless complicated shall not ordinarily be a cause for disqualification.

(c) Squint.— it can be rectified through surgery and through the use of lenses and thus need not be a disqualification for joining the Indian Forest Service.

(d) One eyed persons.— The employment of one-eyed persons may be recommended provided that the candidate fulfills all other requisite physical and medical Parameters at par with the non-PH candidates.

8. Blood Pressure

The Board will use its discretion regarding Blood Pressure.

A rough method of calculating normal maximum systolic pressure is as follows:—

(i) With young subjects 15-25 years of age. Of average is about 100 plus the age.

(ii) With subjects over 25 years of age the general rule of 110 plus half the age seems quite satisfactory.

N.B.—As a general rule any systolic pressure over 140 mm and diastolic over 90 mm should be regarded as suspicious and the candidate should be hospitalised by the Board before giving their final opinion regarding the candidate's fitness or otherwise. The hospitalisation report should indicate whether the rise in blood pressure is of a transient nature due to excitement etc. or whether it is due to any organic disease. In all such cases X-ray and electro- cardiographic examination of heart and blood urea clearance test should also be done as a routine. The final decision as to the fitness or otherwise of a candidate will, however, rest with the Medical Board only.

Method of taking Blood Pressure

The mercury manometer type of instrument should be used as a rule. The measurement should not be taken within fifteen minutes of any exercise of excitement. Provided the patient and particularly his arm is relaxed, he may be either lying or sitting. The arm is supported comfortably at the patient's side in a more or less horizontal position. The arm should be freed from the clothes to the shoulder. The cuff completely deflated should be applied with the middle of the rubber over the inner side of the arm and its lower edge an inch or two above the one of the elbow. The following turns of cloth bandage should spread evenly over the bag to avoid bursting during inflation.

The brachial artery is located by palpitation at the bend of the elbow and the stethoscope is then applied lightly and centrally over it below, but not in contact with the cuff. The cuff is inflated to about 200 mm Hg and then slowly deflated. The level at which the column stand when soft successive sounds are heard represents the Systolic pressure. When more air is allowed to escape the sound will be heard to increase in intensity. The level at which the well-heard clear sound change to soft muffled fading sounds represents the diastolic pressure. The measurement should be taken in a fairly brief period of times; prolonged pressure of

the cuff is irritating to the patient and will vitiate the readings. Re-checking if necessary, should be done only a few minutes after complete deflation of the cuff. (Sometimes, as the cuff is deflated sound are heard at a certain level they may disappear as pressure falls and reappear at a still lower level). This: "Silent gap" may cause error in reading.

9. The urine (passed in the presence of the examiner) should be examined and the results recorded where a Medical Board finds sugar present in a candidate's urine by the usual chemical test the Board will processed with the examination with all its other aspects and will also specially note any signs or symptoms suggestive of diabetes. If except for the glycosuria the Board finds the candidate conforms to the standards of medical fitness required they may pass the candidate "fit" subject to the glycosuria being non diabetic and the Board will refer the case to a specified specialist in medicine who has hospital and laboratory facilities at his disposal. The Medical Specialist will carry out whatever examination clinical and laboratory test he considers necessary including a standard blood sugar tolerance test, and will submit his opinion to the Medical Board upon which the Medical Board will base its final opinion "fit" or "unfit". The candidate will not be required to appear in person before the board on the second occasion. To exclude the effects of medication it may be necessary to retain a candidate for several days in hospital under strict supervision.

10. A woman candidate who as a result of tests is found to be pregnant of 12 weeks standing or over, should be declared temporarily unfit until the confinement is over. She should be re-examined for fitness certificate six weeks after the date of confinement subject to the production of a medical certificate of fitness from registered medical practitioner.

11. The following additional points should be observed :

- (a) That the candidates hearing in each ear is good and that there is no sign of disease of the ear. In case it is defective the candidate should be got examined by the ear specialist, provided that if the defect in a hearing is remediable by operation or by use of hearing aid. A candidate cannot be declared unfit on that account provided he/she has not progressive disease in the ear. The following are the guidelines for the medical examination authority in this regard:

- | | |
|---|---|
| (1) Marked or total deafness in one ear other for being normal. | Fit for non-technical jobs if the deafness is upto 30 decibles in higher frequency. |
| (2) Perceptive deafness in both ear in which some improvement possible by a hearing aid. | Fit in respect of both technical and non-technical jobs if the deafness is upto 30 is decibles in speech frequencies of 1000 to 4000 HZ. |
| (3) Perforation of tympanic membrane of central or Marginal type. | (i) One ear normal other ear perforation of tympanic membranes present temporarily unfit.

Under improved condition of ears surgery a candidate with marginal or other perforation in both ears should be given a chance by declaring him temporarily unfit and then he may be considered under 4 (ii) below.

(ii) Marginal drastic perforation in both ears—unfit.

(iii) Central perforation in both ears—temporarily unfit. |
| (4) Ears with Mastoid cavity sub normal hearing on one side/ hearing on one side/on Both side | (i) Either ear normal hearing other ear Mastoid cavity Fit for both technical/ on non- technical jobs.

(ii) Mastoid cavity of both sides. Unfit for technical jobs Fit for non-technical jobs if hearing |

- | | |
|--|---|
| | improves to 30 Decibels in either ear with or without hearing aid. |
| (5) Persistently discharging ear operated/un-operated. | Temporarily unfit for both technical and non-technical jobs. |
| (6) Chronic inflammatory/allergic allergic condition of nose with or without bony deformities of nasal septum. | (i) A decision will be taken as per circumstances individual cases.
(ii) If deviated nasal septum is present with symptoms— Temporarily unfit. |
| (7) Chronic Inflammatory conditions of tonsils and/or Larynx. | (i) Chronic Inflammatory conditions of tonsils and/or Larynx—Fit.
(ii) Hoarseness of voice severe degree if present then—Temporarily unfit. |
| (8) Benign or locally malignant tumours of ENT. | (i) Benign Tumours—Temporarily unfit.
(ii) Malignant Tumours — Unfit. |
| (9) Otosclerosis | If the hearing is within 30 decibels after operation or with the help of hearing aid—Fit. |
| (10) Congenital defects of ear, nose or throat. | (i) If not interfering with function—Fit.
(ii) Stuttering of severe degree—Unfit. |
| (11) Nasal/Poly | Temporarily unfit. |
- (b) that his/her speech is without impediment;
- (c) that his/her teeth are in good order and that he/she is provided with dentures where necessary for effective mastication (well filled teeth will be considered as sound);
- (d) that the chest is well-formed and his/her chest expansion sufficient; and that his/her heart and lungs are sound;
- (e) that there is no evidence of any abdominal disease;
- (f) that he/she is not ruptured;
- (g) that he/she does not suffer from hydrocele, a severe degree of varicose veins or piles;
- (h) that his/her limbs, hand and feet are well formed and developed and that there is free and perfect motion of all his joint;
- (i) that he/she is not ruptured, disease;
- (j) that there is no congenital malformation or defect;
- (k) that he/she does not bear traces of active or chronic disease pointing to an impaired constitution;
- (l) that he/she bears marks of efficient vaccination; and
- (m) that he/she is free from communicable disease.

12. Radiographic examination of the chest for detecting any abnormality of the heart and lungs, which may not be apparent by ordinary physical examination, will be restricted to only such candidates who are declared finally successful at the concerned Indian Forest Service Examination.

The decision of the Chairman of the Central Standing Medical Board (conducting the medical examination of the concerned candidate) about the fitness of the candidate shall be final.

When any defect is found it must be noted in the certificate and the medical examiner should state his opinion whether or not it is likely to interfere in the efficient performance of the duties which will be required of the candidate.

In case of doubt regarding health of a candidate, the Chairman of the Medical Board may consult a suitable Hospital Specialist to decide the issue of fitness or unfitness of the candidate for Government Service *e.g.* if a candidate is suspected to be suffering from any mental defect or aberration, the Chairman of the Board may consult a Hospital Psychiatrist/Psychologist, etc.

NOTE: Candidates are warned that there is no right of appeal from Medical Board special or standing appointed to determine their fitness for the above service. If, however, Government are satisfied on the evidence produced before them of the possibility of an error of judgement in the decision of the first Board, it is open to Government to allow an appeal to second Board. Such evidence should be submitted within one month of the date of the communication in which the decision of the first Medical Board is communicated to the candidate, otherwise no request for an appeal to a second Medical Board will be considered.

If any medical certificate, produced by a candidate as a piece of evidence about the possibility of an error of judgement, in the decision of the first Board, the certificate will not be taken into consideration unless it contains a note by the medical practitioner concerned to the effect that it has been given in full knowledge of the fact that the candidate has already been rejected as unfit for service by the Medical Board.

Medical Board's Report

The following intimation is made for the guidance of the Medical Examiner:—

1. The standard of physical fitness to be adopted should make due allowance for the age and length of service, if any of the candidate concerned.

No person will be deemed qualified for admission to the Public Service who shall not satisfy Government or the appointing authority, as the case may be that he/she has no disease constitutional affliction, or bodily infirmity unfitting him/her, or likely to unfit him/her for that service. It should be understood that the question of fitness involves the future as well as the present and that one of the main objects of medical examination is to secure continuous effective service, and in the case of candidates for permanent appointment to prevent early pension or payments in case of premature death. It is at the same time to be noted that the question is one of the likelihood of continuous effective service and that rejection of a candidate need not be advised on account of the presence of defect which is only a small proportion of cases is found to interfere, with continuous effective service.

A lady doctor will be co-opted as a member of the Medical Board whenever a woman candidate is to be examined.

The report of the Medical Board should be treated as confidential.

In case where a candidate is declared unfit for appointment in the Government Service the grounds for rejection may be communicated to the candidate in broad terms without giving minute details regarding the defects pointed out by the Medical Board.

In case where a Medical Board considers that a minor disability disqualifying a candidate for Government service can be cured by a treatment (medical or surgical) a statement to that effect should be recorded by the Medical Board. There is no objection to a candidate being informed of the Board's opinion to this effect by the appointing authority and when a cure has been effected it will be open to the authority concerned to ask for another Medical Board.

In the case of candidates who are to be declared Temporarily unfit the period specified for re-examination should not ordinarily exceed six months of the Maximum. On re-examination after the specified period these candidates should not be declared temporarily unfit for a further period but a final decision in regard to their fitness for appointment or otherwise should be given.

(a) Candidate's Statement and declaration :

The candidate must make the statement required below—prior to his/her Medical examination and must sign the Declaration appended thereto. Their attention is specially directed to the warning contained in the Note below:—

1. State your Name in full (in block letters)

2. State your age and birth place

3. (a) Do you belong to Scheduled Tribes or to races such as Gorkhas, Nepalese, Assamese, Meghalaya, Tribals, Ladakhese, Sikkimese, Bhutanese, Gharwalis, Kumaonis, Nagas and Arunachal Pradesh, whose average Height is distinctly lower. Answer 'Yes' or 'No' and if the answer is 'Yes' state the name of tribe/race . . .

(b) Have you ever had small pox, intermittent or any other fever, enlargement or suppuration of glands, spitting of blood, asthma, heart disease, lung disease, fainting attacks rheumatism, appendicitis?

OR

Any other disease or accident requiring confinement to bed and medical or surgical treatment.

4. Have you suffered from any form of nervousness due to over work or any other cause ?

5. Furnish the following particulars concerning your family :

Father's age if living and state of health	Father's age at death and cause of death	No. of brothers living, their ages and state of health	No. of brothers dead, their ages at death and cause of death
--	--	--	--

1.

2.

3.

Mother's age if living and state of health	Mother's age at death and cause of death	No. of sisters living, their ages and state of health	No. of sisters dead, their ages at death and cause of death
--	--	---	---

1.

2.

3.

6. Have you been examined by Medical Board before?

7. If answer to the above is 'Yes' please state what services you were examined for ?

8. Who was the examining authority ?

9. When and where was the Medical Board held

10. Result of the Medical Board examination, if communicated to you or if known

11. All the above answers are to the best of my knowledge & belief, true and correct and I shall be liable for action under law for any material infirmity in the information furnished by me or suppression of relevant material information. The furnishing of false information or suppression of any factual information would be a disqualification and is likely to render me unfit for employment under the Government. If the fact that false information has been furnished or that there has been suppression of any factual information comes to notice at any time during my service, my services would be liable to be terminated.
