IGF(IFS) apprised the participants that the Ministry has initiated an exercise to convert hard copy of ACRs/APARs into the digitized form. IGF(IFS) apprised the participants that even after constant persuasion, Executive Record Sheet of only 1.323 IFS officers are available and some of the Executive Record Sheets available are not updated. The participants were requested to sensitize the IFS officers for creating and updating their Executive Record Sheets as this is also essential for SPARROW. It was also clarified that due to non-availability of Executive Records Sheets, the request for any kind of deputation, foreign travel etc will not be considered.

While concluding the meeting, Secretary, Ministry of Environment, Forest and Climate Change observed that amongst all the issues discussed review of service of All India Service officers needs topmost attention as there is no progress in this regard by most of the States. Secretary requested all participants to apprise the Chief Secretaries about the deliberations and convey the sense of urgency in this regard. In addition Secretary also expressed his concern and observation that issues related to personnel management in States needs to be addressed effectively. The various records such as APARs, ER Sheets and Service Books etc should be updated and available easily. The States should have a plan of action to this effect.

Secretary also highlighted that most of the States do not have adequate utilization of the CDR. This leads to a number of problems as far as cadre management is concerned. Further, CDR is also an important criteria while assessing Cadre Review proposals. Therefore, efforts should be made to fully utilize CDR.

The meeting ended with a vote of thanks to the Chair.
